William Bolger Honored By Eagles

Fred Bauer, Civic Leader, Dies On Vacation Trip

Fred W. Bauer, 43, of 764 Templeton avenue, suffered a fatal heart attack while vacationing near the Pit River in northern California on June 23. He was buried in Stockton after services at the De Young Memorial Chapel last Thursday afternoon.

Mr. Bauer, a well known civic leader, was secretary-treasurer of the newly formed Citizens' Committee and a member of the General Pershing P.T.A.

He lived in Daly City for six years and in Colma for two years. He was employed by the Best Foods Co., Inc., in San Francisco as a purchasing agent at the time of his death.

Mr. Bauer is survived by his wife, Mrs. Loretta Bauer, and a daughter, Madeline.

Among the Daly City residents to visit Stockton for the services were Mr. and Mrs. George Windhurst, Mr. and Mrs. Herman Stone, Mr. and Mrs. V. M. Faragher, Mr. Robert Hartmann, Mrs. E. B. Ochander, Mrs. M. E. Nenstiel, and Mrs. Tom Jent.

DONALD WACKS NOW SERVING WITH ARMY DIVISION IN JAPAN

TOKYO, JAPAN — Corporal Donald D. Wacks of Daly City is now serving with the famed fighting First Cavalry Division which is on occupation duty in the ten prefectures of the Tokyo-Yokohama area.

The First Cavalry Division fought all the way from Australia in the Pacific campaign of World War II, and was first in Manila and first in Tokyo.

A student of San Francisco Junior College, Wacks entered the army in October, 1946, and received his basic training at Fort Jackson.

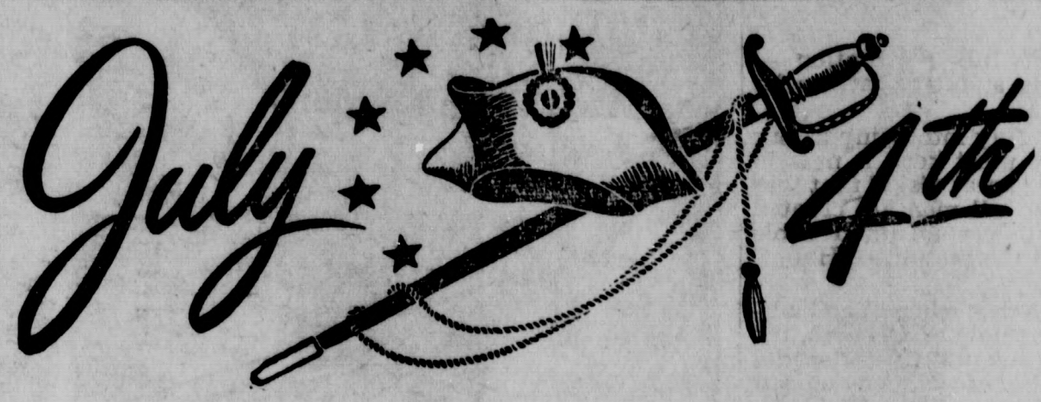
Overseas since January 1947, Wacks is serving with the information and Education Section of Second Squadron Headquarters Troop Eight Cavalry Regiment. He is continuing his education by taking courses in typing and psychology under the Army Education Program.

Upon discharge from the army, Wacks plans to study law at the University of California at Berkeley.

His parents, Mr. and Mrs. Samuel S. Wacks, reside at 121 East Vista avenue, Daly City.

Building Entered

A number of children broke into the Sterling Building Co., on West Westlake avenue and Mission street, on Monday morning and built a bonfire, according to the building superintendent. The building is now under construction.



This nation is always struggling for its independence so that it might give to all children sheltered within its shores the heritage of personal freedom.

On this date we again pay our respects to every man who ever wore a uniform in service of our country and in defense of democracy around the world. Especially do we pay tribute to the following men of Daly City and Colma who made the supreme sacrifice in World War II that we and our children might live and prosper in peace and freedom.

We can show our gratitude to their deeds only by making peace and freedom for all live forever.

Remi Sanders Elected Chairman Of School Trustees

Remi Sanders was elected chairman of the board of trustees of the Jefferson Union High school at a special meeting of the board on Tuesday noon. Also elected was Mrs. Peal M. Jones who will serve as clerk. Both officers held the same posts last year.

Other members of the board of trustees are Peter Markovich, Tom Tallon and E. A. Weisenberger.

Woman Falls In Daly City Theatre

Inez McGoughy, 223 Flournoy street, fell approximately eight feet from the landing onto the main floor at the Daly City Theatre on Sunday evening.

Mrs. McGoughy was coming down the stairs from the balcony and either tripped or fell when she got to the first landing.

She refused medical attention and also refused offers of a ride home saying that she was not hurt and the accident was her own fault.

Peterson Asks For Lower Admission Price For Fiesta

General admission to the San Mateo County Fiesta this fall should be lowered from one dollar to its former price of 50 cents, Frederick Peterson, county executive, recommended this week.

Peterson made the recommendation in a letter to Norvell Gillespie, fair manager.

In his letter, Peterson said the prime purpose of the Fiesta is to advertise the county's resources to as many persons as possible and that a lower admission fee would attract a larger attendance.

Lions Club Has Ladies Night And Installs Officers

The Daly City - Colma Lions Club celebrated ladies night and installed the new club officers last Wednesday evening at the Club Casino.

The district governor of the organization, J. Hoffman, presented the new officers. Installed were Stanford Hannah, president; Walter Lehigh, first vice-president; Dr. Herbert E. Grieb, second vice-president; Arnold Panella, third vice-president; Richard Crane, secretary; John Ferrari, treasurer; and Elio Fontana, tail twister.

Some 110 people attended the dinner dance meeting and it was a huge success.

Gil O'Shaughnessy was master of ceremonies and he presented an amusing array of entertainment. He also gave several solos on the clarinet and saxaphone.

Judge Sweeney did the honors on several "terrific" vocal renditions. Following this, the members and guests completed the evening with dancing.

Past president Ed Byrne receive the overwhelming thanks and approval of the club for a year of great accomplishments. It was during his term of office that the Lion's sponsored many functions for the betterment of the community including the Sea Scout affair.

The dinner committee was Joseph Lewkowitz, chairman; William Degliantoni and A. Arnaudo.

Richard J. Dolwig Favors Improved County Highways

San Mateo county needs improved highways, more so than most sections of the state, Richard J. Dolwig, the county's representative in the state assembly in Sacramento, said this week in a defense of his voting record during the 1947 legislative session.

"I'm heartily in favor of improved highways," he added. "My future efforts will be directed to securing legislation that will give us improved highways at lowest possible cost.

"However, I'm opposed to granting large sums of money to be spent over a period of several years. Such a practice will encourage building of party patronage rather than highways. Our need is more highways and less patronage."

Dolwig, who has resumed his law practice in South San Francisco following the close of the legislative session, has been criticized sharply for his previous stands on the highway bill which finally became law after long and heated debates.

Up to the time of the final vote several weeks ago, Dolwig came out publicly against the 1½ cent increase in the gasoline tax. However, after heavy pressure from political and civic leaders in the county, he voted for the tax increase.

This week Dolwig indicated that this vote was with reluctance.

"My study of the bill," he said, "along with that of resources available in the department of highways, indicated there was considerable monies available for a highway program. The circumstances, as I found them, didn't warrant a large increase in gasoline taxes."

Dolwig is a member of four interim committees which will study various state matters between now and the opening of the next session of the legislature in January.

He is chairman of the interim committee to study the need for youth welfare projects. During the last session he introduced a bill to set up a $10,000,000 youth welfare fund but it was crowded off the calendar.

Dolwig is vice chairman of a committee to study state aviation and another on revision on the state constitution.

Local Aerie Plan Fete For Veteran Police Sergeant

William "Bill" Bolger, desk sergeant in the Daly City Police Department, will be honored by the local Aerie of the Fraternal Order of Eagles next Thursday evening, July 10, at the Eagles Hall, 3344 San Jose avenue.

Bolger has been a member of the Eagles for 28 years and has served the membership in the capacity of secretary for the past ten years.

It is a well known fact that Bolger has been a determining factor in the advance of the Colma-Vista Grande Aerie. With his wise counsel and unflagging zeal many of the rough spots that were encountered by the Aerie would have proven too great for the Aerie to overcome.

In his honor, one of the largest class of applicants will be initiated next Tuesday. Already there are 800 members in the local Eagle organization.

Bolger has been a member of the local police department for more than 13 years and previous to joining the local government worked as an iron moulder in San Francisco for 26 years.

Through the great depression, Bolger, as secretary of the organization, carefully and wisely plotted the path for the Aerie to follow.

He proved himself a leader and was always ready with constructive criticism, and had a smile and a "hello" for all.

A record attendance is expected and Worthy President John Patton urged all members to come early to the Eagles Hall.

Bolger has lived in Daly City for 38 years. He settled here in 1908 and raised his two sons here. The two sons, Philip and Richard, both attended Jefferson Union High school.

Philip is now working in San Francisco.

Richard, a graduate of Jefferson Union High school in 1940, was killed on Iwo Jima on March 7, 1945, during a heavy Japanese attack. He was a corporal in the Marines parachute troops and took over a squad of men when the sergeant was hit.

During the attack, he made a dash for the front lines but was killed. Before he joined the Marines as a paratrooper he was a student at San Francisco State College. He also worked in a San Francisco shipyard before he enlisted in the Marines in November 1942.

Daly City Bars Will Observe Late Closing

Daly City bars will go along with the state on the 2 a. m. closing law which went into effect on July 1, Mayor Melford D. Battye said today.

"Going against the state law would not decrease drunk driving or even drinking in Daly City and would antagonize local merchants," he said.

Mayor Battye added that frequenters of night spots would take their patronage to bars outside of Daly City if the midnight closing again went into effect.

However, bars in San Bruno are continuing to close at midnight in spite of the new 2 a. m. deadline. San Bruno bars are classified as restaurants under the city's licensing law and the city council has refused to change its ordinance closing restaurants at midnight.

Burlingame bar owners have "reluctantly" adopted the new closing on a 30-day trial basis. Owners of the city's 10 bars made the decision at a meeting last week after only four of the bars were anxious to extend the closing hours. Much of the reluctance to keep open, apparently stems from the fact that the extra two hours will require employment of at least one more bartender in every establishment.

Recreational Activities For Next Week

July 7 to 12—"Vehicle Week"

Special Events

Monday, July 7—Physical fitness class for women at high school gym, 8 to 9 p. m.; basketball for post high school age, 7 to 9:30 p.m.; on the playgrounds: 2 to 3 p. m. tumbling class at high school; beginning of clay work in crafts, start of handball, jacks and Chinese checkers tournaments.

Tuesday, July 8—10:30 to 12:30, free movies at the high school auditorium; 7 to 9, junior basketball league games.

Wednesday, July 9 — on the playgrounds—prepare bicycles, scooters, coasters, wagons and other types of vehicles for "Vehicle Day"; crafts—start paper mache work; 2 to 3 p. m., tumbling class at the high school; 7 to 9:30 p. m., badminton for adults at the high school gym.

Thursday, July 10—10 a. m., start of "Vehicle Day" program at the high school. Races of all types and for all ages will be held. Awards will be given; 7 to 9:30 p. m., adult basketball in the gym; 7:30 to 9:30 p. m., chorus practice for juniors at the high school gym.

Friday, July 11—Excursion to Golden Gate Park; 7 to 9:30 p. m., basketball at gym for grade school age; 7:30 to 10:30 p. m. teen age dance at recreation hall on Bellevue avenue.

Regular Events

Organized and free play in many activities are available for boys and girls at the five city playgrounds. The playground schedule: Monday through Friday, 10 a. m. to 5:30 p. m.; Saturday, 10 a. m. to 2:30 p. m.

Handicraft for the remainder of the summer will be as follows: high school, Monday through Friday, 1:30 to 3:30 p. m.; Marchbank Park, Monday through Friday, 1:30 to 3:30 p. m.; Crocker playground, Monday, 10 to 12 a. m.; Jefferson Elementary playground, Wednesday, 10 to 12 a. m.; Lincoln playground, Saturday, 10 to 12 a. m.

FOURTH OF JULY

There's nothing new about a Fourth of July celebration — speeches, parades, picnics and fireworks form the standard pattern for the day.

But the spirit that brought the Fourth of July into being as our greatest national holiday is ever new. And we must keep it new in our hearts if we are to protect and preserve the great vision that was voiced in the Declaration of Independence that "all men are created equal" and are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

Although 171 years have passed since the day when the Continental Congress in Philadelphia sounded the keynote of freedom, the world still struggles to realize that freedom. In the past three decades we have fought in two titanic wars to prevent encroachment on our liberties and to break the shackles with which tyranny has bound men.

But the shackles have not been banished. They continue to be applied in many countries—often by the "liberators" of those countries. Even in America, minorities are still shackled by prejudice, hate and discrimination.

All this is a reminder that freedom is not a condition which is easily established among men, or that automatically perpetuates itself once it has been established. Freedom must be constantly cultivated in the individual, as well as in the national, consciousness. And it must be guarded from the inroads of intolerance, injustice and inhumanity.

Only as this is done can freedom survive. Only as this is done can the American people fulfill their obligations both to the men who founded and fought for our Nation, and to the generations yet unborn.

PAYING THE BILL

Although many millions of unexpended dollars lie in the state highway fund, the citizens of California will now have the privilege of paying an additional 1½ cent tax on each gallon of gasoline they buy.

They will also be allowed to pay $6 annually for each automobile license instead of $3, and will have the opportunity of handing over their money for a driver's license instead of getting it free.

But that isn't all. Packers, shippers and farmers will probably have to pay higher transportation rates as a result of the tax increase. When the debate of the highway measure was going on it was pointed out that the "soak-the-trucks" attitude of some legislators would hit California business and agriculture directly and the public indirectly.

California's vital trucking industry, already plagued by enormous operation cost increases, and now facing stiff tax hikes, has asked the California Public Utilities Commission for a rate increase to offset these added expenses.

The need for increased truck revenues to counteract the new tax levies was so obvious to the State Assembly that it unanimously passed a resilution requesting the Public Utilities Commission to grant increased trucking rates.

The higher trucking rates which seem likely to be approved are bound to be reflected to a degree in the price of things we buy since virtually everything we eat, wear or use must be moved at one stage or another by truck. Every delivery to retail stores is made by truck.

HOODLUMS' HAVEN?

Citizens of California are getting a very uneasy feeling that many of the racketeers who have long "done business" in the East have now come to this state. The recent shooting of "Bugsy" Siegel, following the murder of Nick De John within a few weeks, has decreased the "high class' hoodlum population by two. But Californians would much rather have the number in this bracket reduced more rapidly and in a less violent manner. In other words, they'd like to have known gangsters sent back to where they came from. This calls for greater alertness and aggressiveness on the part of law enforcement officials. They have it within their power to make the "visit" of any underworld "big shot" both brief and unpleasant. A nice, cold cell in the city jail should help to convince such visitors that they can get better accommodations some place else—any place but California.

MILLION A MINUTE

The new device for radio communication which is said to have a potential capacity for sending one million words a minute (count 'em) is a bit bewildering. One million words a minute! Why, that's almost faster than your mother-in-law can do when fully wound up!

Scientific Resurvey Of Bikini Atoll To Be Made Some Time This Summer

A scientific resurvey of Bikini Atoll will be made this summer to determine the long range effects of the atomic bomb tests held there last year. The mission will be undertaken by the Navy, with the cooperation of the War Department, at the request of the Joint Chiefs of Staff.

A group of over forty scientists and technicians, representing the Atomic Energy Commission, the United States Geological Survey, the Fish and Wild Life Service of the Department of the Interior, the Smithsonian Institute, the Army, the Navy, and other scientific and educational institutions throughout the country will participate in the survey. They will bring back extensive collections of biological specimens, send divers down to find out all possible details of sunken ships, employ a hard-rock crew to drill for cores on the Atoll, and make radiological studies of the water, the land and all manner of organisms.

A tack group has been assigned to the resurvey consisting of the Attack Transport, USS Chilton; the Submarine Rescue Vessel, USS Coucal, and one landing craft. The Commander in Chief, Pacific Fleet, has designated Captain Thomas H. Hederman, USN, of LaJolla, California, to command this task group. Captain Hederman has had command of the Fleet Training Group and Underway Training Unit, San Diego, California, since last November.

As a result of the scientific work carried out during Operation Crossroads, more is known about the oceanography, geology and biology of Bikini Atoll than about any other harbor in the world. At the time, the groundwork was laid for continuing the scientific studies. Additional interest is attached to Bikini Atoll because it is the only harbor which has been subjected to an atomic attack and is the only laboratory where defensive measures for harbors may profitably be studied.

During Operation Crossroads the Bikini Atoll was intensively studied on both the surface and subsurface by the methods of geophysical oil prospecting. The results indicate that there is probably a layer of limestone laid down by coral and plants at least 2,000 feet thick. Below this there is a different stratum of undetermined nature which in turn apparently rests on volcanic rock at depths of 6,000 to 13,000 feet beneath the sea surface.

The conditions existing a year ago prevented complete and thorough examinations of sunken ships, and prevented recovery of special instruments installed for the tests.

Fishing On Tule River

Fishing on the Tule River, Tulare county, was very good last week, reports the National Automobile Club. Many fish averaging around seven inches were taken and some sizable catches were made at the forking of the river near Camp Nelson.

Fishing Prospects

Streams in Siskiyou county should be at their best for fishing by the July 4 holiday week-end, predicts the National Automobile Club. About the only thing that can spoil this prospect is an unexpected downpour of rain.

Lena's Cafe Held Up On Saturday; $100, Signed Check Taken By Pair

Two unarmed men robbed Lena's Cafe at 6598 Mission street of $100 and a signed check not filled out on Saturday evening just a few minutes before midnight.

The two men, both in their early twenties, were in the cafe earlier in the evening, according to Mrs. Lena Sereni, proprietor of the cafe. Both of them evidently waited until the store was empty of patrons and then robbed Mrs. Sereni.

She says that one of the youths came into the cafe while the other one stayed outside in an automobile. The car was described as being a light colored Ford or Mercury sedan and Mrs. Sereni says she remembers seeing the holdup car in front of her cafe the evening previous to the robbery.

The youth who actually performed the robbery simulated a gun by keeping his hand in his pocket. He was described as being 5 feet 9 inches tall, weighing 150 pounds, rather slim and having rather dark hair. He was wearing a black leather jacket. His accomplice was an inch taller and wore a blue suit.

Two Dead, 14 Injured In Five County Accidents

A 55 year old San Jose resident was killed Saturday evening when he fell head first from a pickup truck on Half Moon Bay road near the Coast highway. He was Henry S. Stratton. He had been sitting in the bed of the truck but as he got up to speak to the driver he lost his balance when the truck went around a curve.

Juan Lopez, 21, East Palo Alto, died Monday in a San Mateo hospital from injuries he suffered the previous Sunday when he was struck on Bayshore highway. He suffered a fractured leg and skull and severe concussions.

Four persons were injured in a broadside collision Saturday noon on Skyline boulevard at the intersection of Coast highway and Alemany road.

They were Joan Pogson, 22, San Francisco, major injuries; Mrs. Julia Thayer, San Francisco, broken leg; David Yorton, 21, San Francisco, minor injuries; Harold Thayer, 70, Denver, Colorado, minor injuries.

Four persons were injured in a head on collision Saturday evening on Skyline boulevard. Ben Ostrom, 43, San Francisco, driver of the car, was cited for felony and charged with drunk driving. Other persons injured were Margaret Ostrom, 41; Kenneth Roberts, 24, Millbrae, and Marilyn McFarland, 23, Burlingame.

George Fanucchi, 30, Sharp Park, suffered minor injuries Saturday evening after a rear end collision on Coast highway at Pacific avenue, Sharp Park.

Dick Phillips, Redwood City, was injured Monday afternoon when his motorcycle and an automobile collided on El Camino Real.

Frank Decker, 52, Burlingame, suffered a broken arm after being thrown from a horse.

Mrs. Josephine Murphy and Dan Murphy, both of San Francisco, suffered cuts on the hand after the car Mrs. Murphy was driving struck a telephone pole in Burlingame on Sunday.

Watering Devices For Quail Made In L.A.

LOS ANGELES — Two quail watering devices, built of concrete in such a fashion that they collect rain water during the winter months and store it for the use of quail during the long, dry summer, were completed during May on the Rogueout Ranch by a crew directed by Fred T. Ross, project leader of the California Bureau of Game Conservation.

Five additional quail watering devices, which are described as "Gallinaceous Guzzlers," will be completed during June in the Southern coast ranges of California.

Gould Bitten By Dog

Edward Gould, 33, 339 Willits street, was bitten on the right leg and his trouser torn by a police dog belonging to Marvin Pilgrim, 6836 Mission street, the police department reported this week.

Gould was taken to Junipero Serra Hospital by Sergeant Beecher.

S.F. Doctor Has Auto Stolen

Dr. John R. Fitzgerald, 1275 Monterey boulevard, San Francisco, reported his Pontiac sedan was stolen from a parking place on the San Pedro road in Colma on Sunday evening.

The car was stolen around 10 p. m. The car was found abandoned on Skyline boulevard on Monday morning but still missing were a sleeping bag, medical instruments and clothing.

A bag containing several articles of the lost clothing was found on a vacant lot on Alemany street on Tuesday morning and Dr. Fitzgerald recovered the articles.

County Fiesta Slated To Open September 18th

The County Fiesta, minus tents and horseracing, will be held in the grandstand of the Bay Meadows race track on September 18, "essentially as an old style county fair," according to County Executive Frederick Peterson.

Racing was dropped from the program because fair directors thought it advisable not to compete with the Albany track which will be in operation at the same time. However, harness racing still may receive some consideration.

Fair directors decided to hold the fiesta at Bay Meadows after considering again the offer of the race track's entrepeneur William B. Kyne for complete use of the clubhouse, grounds and grandstand for the price of electricity and water used.

Fiesta Manager Norvell Gillespie has indicated that Kyne still has a 25-acre permanent site offer open and that the deal could be completed if the City of San Mateo granted expansion requests of Bay Meadows airport.

Most of the difficulties between the protesting residents of Sunnybrae and the airport have been ironed out. This indicates that the requests may be granted before the fiesta opens.

Census Of Creel Catch Shows Angler Pressure On Streams In South

A creel census on Santa Paula Creek, a tributary of the Santa Clara River, which was conducted during the first two weeks of the trout season reflected the terrific angler pressure to which Southern California streams are subjected.

Prior to May 1, 2,000 catchable size trout from the Fillmore Hatchery were marked and planted in the stream.

A careful creel check was maintained and on the opening day 46 per cent of the total plant was taken by anglers. The next fourteen days an additional 20 per cent of the marked fish were taken.

Unmarked fish taken during the two weeks period totaled 2,141. These were young steelhead, naturalliy spawned in the stream.

The Bureau of Fish Conservation planted 2,000 marked fish in Rush Creek, below the gorge, and conducted a creel count from May 1 to May 31. Of the 2,000 marked fish, 1,912 were taken.

QUEEN OF FOURTH OF JULY CELEBRATION

A welcome to everyone to attend the Fourth of July Rodeo and Celebration in Redwood City July 4, 5 and 6 is waved by Queen Sylvia Miramontes, 19-year-old Half Moon Bay equestrienne, who will lead the opening parade at 11 a. m. tomorrow on her spirited Palomino.

PARADE OPENS PENINSULA'S RODEO CELEBRATION IN R.C. TOMORROW

Led by the beauteous brunette queen, Sylvia Miramontes, 19, of Half Moon Bay, a colorful parade which will move over the downtown streets of Redwood City at 11 a. m. tomorrow to open the Peninsula's eighth annual Fourth of July Rodeo and celebration, for a three-day run.

Entries signed up for the parade include army and union bands, at least a half dozen elaborate floats from lodges and civic organizations, drill teams from all over the bay region including the state championship Native Daughters unit from Oakland, drum and bugle corps including the famous American Legion Rockets from San Jose, novelty and marching units, and hundreds of mounted entries.

Riding with Queen Sylvia will be her three attendants, runners up in the contest which resulted in an advance sale of nearly $5500 worth of rodeo tickets. They are Bettie Taylor, petite 24-year-old blonde from Redwood City; Inez Coykendall, 23, a lovely brunette from Belmont, and Sugar Steinberg, 16, winsome blonde from Atherton. The winner of the contest to rule over the gigantic celebration polled 414,750 votes under sponsorship of the San Mateo County Horsemen's Association to walk away from her nearest competitor, who had 297,000. She was crowned at a coronation ball Saturday night attended by a record crowd of 1400 persons and was given $100 in cash, a $100 western outfit, and clothing comprising virtually a complete ensemble.

The line of march for the opening parade will be from El Camino Real over Broadway and Main street and back on Broadway to the rodeo grounds at Bayshore Highway, where the celebration will get under way at noon with the opening of a score of games and concessions.

It will continue through three days packed with entertainment for all ages. Pony and train rides for kiddies, a ferris wheel and a "swing-plane" ride will lend a carnival atmosphere to the event, which will be highlighted with a wild west rodeo each afternoon with more than a hundred cowboys from all over California riding tough broncos, brahma bulls, calves and steers from the famous rodeo string of Carlton Grimes of San Bernardino.

Summer Musical Series Set By U.C. Extension

Five outstanding musical events will be offered to Bay Area residents this summer by University of California's Committee on Drama, Lectures and Music. The diversified program, presented by University Extension, includes music, opera, and song recitals.

Chamber music recitals will be given by the Alma Trio during July and by the Griller Quartet in August. The last-named group will highlight their second program with Ernest Bloch's "Second Quartet," which received its first American performance by the group last year in a University concert.

The Composers' Forum will present a concert in Wheeler Auditorium July 2. Contemporary music to be heard will include works by Earl Kim, Darius Milhaud, Spartaco Monello, Leonard Ralston, and Virginia Seay.

Judge Sweeney Metes Out Fines In Traffic Court

City Judge William J. Sweeney fined Walter Grove, 230 Guttenberg street, San Francisco, $50 during last Friday's court session for violating city ordinance 264 on June 18. Grove was arrested while he was seated in his truck on Oliver street. The truck was parked two feet from the curb.

Judge Sweeney also fined M. A. Iaverman, 531 Howard street, San Francisco, $10 for failing to stop and report an accident after he knocked down a pedestrian crosswalk sign on San Jose avenue on June 11. Iaverman was fined $5 to cover the cost of repairing the sign and an additional $5 for violating the hit and run section of the C.V.C.

Harry Thetford, 364 Mission street, was fined $25 and placed on six months probation after being arrested for disturbing the peace at 562 San Diego avenue on June 22.

Joe Joseph, 559 Valencia street, San Francisco, was charged with a violation of section 594 of the penal code, which is destroying personal property of another, and city ordinance 264, which is being drunk in a public place. The complaint was brought by Hans O. Fjeldmoe, proprietor of the La Clare Restaurant, 6266 Mission street, who claimed that Joseph burned a hole in one of his leather stools while a patron in his place of business on June 21 around midnight.

Joseph pleaded not guilty to the charge of destroying the property, although he did plead guilty to being drunk. Because of the plea of not guilty Joseph went on trial, but as testimony of both Joseph and Fjeldmoe was not coherent, Judge Sweeney postponed the trial until July 3 at 2:30 p. m.

Nevada County Fishing

Fishing was first-rate last week in the lakes and streams of Nevada county, reports the National Automobile Club. Anglers took large trout from Lake Spaulding by trolling, from Lake Alpine by both trolling and bait, and took many good catches from Culbertson, Lindsay, Carr, Feeley and Fuller lakes. They found the streams throughout this region in excellent condition for fly fishing.

OFF THE BLOTTER - - -

Investigating automobile accidents and recovering stolen property took up the major time of the Daly City Police Department during the past week.

The most serious accident involved Richard G. Olinger, 21, 5 Bismark street. He was taken to Junipero Serra Hospital by a police car after he was hit while riding his motorcycle on Mission street Sunday afternoon.

Howard E. Dunn, 47, 35 Dartmouth street, San Francisco, was the driver of the automobile which hit Olinger. He says he was traveling north on Mission street in the middle lane of traffic at approximately 20 miles per hour when suddenly the motorcycle stopped directly in front of him. Dunn says he could not avoid hitting Olinger.

Olinger told the police that he stopped in the middle of the block to see what had happened to his motorcycle when he was hit by the automobile.

On Friday afternoon there was a minor accident at San Pedro road and Mission street. The accident occurred when Louis Lagomarsino, 54 Norton street, San Francisco, driving a 1946 Chevrolet truck, made a right hand turn into San Pedro road and struck the left rear fender of a 1937 Dodge truck belonging to Francis J. Barbara, 954 Schwerin street, Bayshore District.

Minor property damage was reported in another accident on Saturday afternoon between James Rudden, 715 So. Idaho street, San Mateo, and Mrs. Gloria Cartldge of 5307 Third street, San Francisco.

A hit and run driver hit the left side of a car driven by Peter Pavlos, 6286 Mission street, on Sunday afternoon. The accident occurred on Junipero Serra boulevard. Pavlos was making a left hand turn into Belle avenue when he was struck in the front fender by a car also going south on the boulevard. The car was said to be over the double line when the accident occurred.

The car did not stop so Pavlos chased it as far as Highway No. 1 and Skyline boulevard where he lost the car as it kept going on the highway toward Sharp Park.

Pavlos obtained the license of the car and it was registered to J. A. Johnston, of Sonoma.

Two automobiles were reported stolen during the past week.

Joe Equello, 14 Peters street, says that on Friday he parked a 1930 Ford Sedan on Castle street and a few minutes later the automobile was gone. Equello, who said he borrowed the car from a Mr. Fernandez, states that when he left the car it would not run.

A Ford coach with no license plates was parked in front of the home of A. Silicani, 176 Werner avenue, for two days before he reported it there last Wednesday.

The car was found to be registered to C. O'Brien, of Box 134, Seaside, in Monterey county, and has 1947 plates registered to it.

The sheriff's office in Monterey county said no one by that name lived in Seaside and that the post office box had been checked out.

Lauren Franchi, 3027 Clement street, San Francisco, a bookkeeper for Impeartrice Bros., reported his car stolen on Friday afternoon. The car, a 1941 Studebaker coupe, was found at School and Mission streets, later in the evening.

Robert Vaughn and Elmer Abplonalp, both of 219 Los Banos avenue, reported that some tires were stolen from their cars on Sunday. The cars were parked in a vacant lot next to their home.

Vaughn had a 600x16 tire and a gray colored wheel stolen from the front wheel of his car, which was jacked up. Abplonalp says he had a spare tire and a wheel taken from his car.

Twenty watermelons and two boxes of oranges were reported stolen from the grounds of Russell H. Papenhausen, 2127 Junipero Serra boulevard, last Wednesday evening.

Sportsmen Approve New Game Laws

The Associated Sportsmen of California pronounced itself well-satisfied with the hunting regulations for 1947-48, set by the California Fish and Game Commission last week.

A combine of 107 clubs at the last count, the Associated Sportsmen is considered a bell-ether for hunters' sentiments, generally. Many of the regulations adopted were proposed by the State's largest and oldest sportsman's organization.

A two-division deer season for coastal and Sierra regions, the abolishing of various refuges together with the realigning of the boundaries of others, and a restriction on the size and power of rifles used in large game hunting were among the more important decisions reached in the San Francisco regulatory sessions. The gun reguations will go into effect in the 1948-49 season.

Following are the dates and bag limits:

Season August 7 to September 15, inclusive, two buck deer limit two points or more on the antlers.

Pheasants — November 21 to November 30, inclusive; two male birds per day, two in possession, 10 per season. Shooting hours from 8 a. m. until one-half hour after sunset.

Quail—November 21 to December 31, inclusive; eight birds per day, eight in possession, 16 per week.

Tree Squirrels — (District 1, only, is open): November 21 to December 31, inclusive; two per day, two in possession, 12 per season.

Cotton-tail and brush rabbits—November 21 to December 31, inclusive; eight per day, eight in possession, 16 per week. In the southern half of the state Districts 4, 4½, 4¾, 19 and 22, except Imperial county, the season on all rabbits is from September 1 to December 31. Imperial county season is October 1 to December 31.

Bear—November 15 to December 31, inclusive; one per day, one in possession, two per season (no trapping allowed).

The rule on shotguns adopted last year at the recommendation of the Associated Sportsmen continues. It prohibits use larger than 10-gauge shotguns and the magazine must be plugged on automatic and pump guns to hold no more than three shells, including one in the barrel.

Many Devices Emphasize Need Of Safe Driving

Member companies of Western Oil and Gas Association recently have employed interesting devices in publicly emphasizing the need of safe driving. The methods used are an interesting slant on the minds of safety men at work.

One company has produced an appealing booklet aimed at the juveniles. Titled "Young Pilots," the pamphlet follows the format of government manuals to flyers, using the rhetoric and clipped phrasings of government writers. Packed with cartoons, the booklet has proved highly successful among youngsters just learning to drive. So far more than half a million have been distributed. many have found their way into schools where they are used as textbooks on safe driving.

Films of fine variety are playing their part. One company has developed a 16mm., 12 minute film titled "Screwdrivers and Screwjays," slanted at the selfish, heedless driver and the careless pedestrian. Though sober, the film depends for effect on obviously ludicrous but common practices of both driver and pedestrian. Top Hollywood narrators lend file to the film.

Another, on the other hand, goes straight to the point. It follows a squad car on its rounds to accident and death. A punchy recounting of what death on the streets is like, the film has proved so popular the 55 prints supplied by the company do not meet the demand.

A different approach to highway safety is employed by another company. A caravan of four cars travel the state and climax local safety contests sponsored by the oil company. The four drivers, headed by the famed racer, Earl Cooper, make a safety award in each town.

In addition to such spot campaigns many companies have safety men on constant tour of the state, lecturing schools, service clubs and organizations. They have become valuable adjuncts to groups whose prime function is the promotion of safe driving and walking. Educators look forward to their visits.

Radio as a means of conveying a continuing message of safety on the highways is being, and has been, used for years by many oil companies.

Deutsch Lashes At Bigotry In Talk To Students

In his farewell commencement address to the students of the University of California, Dr. Monroe E. Deutsch, retiring vice-president and provost, gave his young listeners a lasting message on American principles and basic democratic concepts.

He lashed out at bigotry in any form, contending that discrimination, as a product of prejudice, is opposed to the precepts of Christianity and Judaism. Anti-Semitism and other manifestations of hate came in for his excoriation.

"Had I been born," he said, "and brought up in the land of my parents, Germany, instead of standing on this platform today, I should undoubtedly have met the same fate as so many others of my faith, and my body along with those of thousands and thousands of others would have been reduced to ashes by the bestial masters of that nation. Now in this land of democracy (imperfect though that democracy may be) I have been given such recognition as few of my faith have attained."

Salmon Anglers Break Records At Santa Cruz

Salmon anglers fishing from barges last week in the waters off Santa Cruz, Santa Cruz county, established new records in numbers of fish taken, according to the National Automobile Club.

Barge operators reported that the number of fish taken was unusually high and that large king salmon were being caught with almost any kind of bait and any kind of equipment — from hand line to expensive rod and reel.

SUMMONS

No. 43434

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

ARTHUR A. NEWHOUSE, Plaintiff, v. ALL PERSONS claiming any interest in, or lien upon, the real property herein described or any part thereof, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA TO ALL PERSONS CLAIMING ANY INTEREST IN OR LIEN UPON THE REAL PROPERTY HEREIN DESCRIBED OR ANY PART THEREOF, DEFENDANTS, GREETING:

YOU are hereby required to appear and answer the complaint of ARTHUR A. NEWHOUSE, plaintiff, filed with the clerk of the above entitled court and county, within three months after the first publication of this summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situate in the County of San Mateo, State of California, particularly described as follows:

Lots 47 and 48 in Block 3, as designated on the map entitled "NORTH MILLBRAE SUBDIVISION NO. 1, SAN MATEO CO. CAL." which map was filed in the Office of the Recorder of the County of San Mateo, State of California, on December 2, 1907, in Book 5 of Maps at page 49.

AND you are hereby notified that, unless you so appear and answer, the plaintiff will apply to the court for the relief demanded in the complaint, to wit: a decree and judgment establishing that the plaintiff, ARTHUR A. NEWHOUSE, is the owner of an estate of inheritance, viz, the fee absolute title of the property described in the complaint and hereinbefore described, of the whole and each and every part thereof, against all of the world, and that there exists no adverse claims of any character whatsoever to the aforesaid title of the said plaintiff, and for such other relief as may be prayed for or authorized by the law and statute in such instances made and provided.

WITNESS my hand and seal of said court, this 12th day of June, 1947.

Notice of Hearing

NOTICE IS HEREBY GIVEN to all property owners in the Colma Sewer Maintenance District (Improvement District No. 19—Colma Sewers) and in the hereinafter described real property that a hearing will be held on the 15th day of July, 1947, at 11:00 o'clock a.m. in the chambers of the Board of Supervisors of the County of San Mateo, Redwood City, California to hear protests on the proposed annexation to the Colma Sewer Maintenance District (Improvement District No. 19 — Colma Sewers) and to the Colma Sewer outfall of all that certain real property situate in the County of San Mateo described as follows:

BEGINNING at a point on the boundary line of the Colma Sewer Maintenance District, said point being the Northwest corner of Lot 9 of the S. S. White Tract, a map of which is filed in the office of the Recorder of the County of San Mateo, in Book E of Maps at Page 21, said point being also the Northeast corner of that certain parcel conveyed to Henry Stoneson and Ellis L. Stoneson by deed recorded in book 1205 of Official Records of San Mateo County at Page 159; thence along the boundary of the last mentioned parcel West 924 feet, North 412.50 feet, more or less, to the South line of the Laguna Merced Rancho, West along said South line 1204.25 feet and South along the line dividing the East half from the West half of Section 2, Township 3 South, Range 6 West, and its Southerly prolongation, to a point on the boundary line of the Colma Sewer Maintenance District, said point being on the centerline of the County Road from Colma to the ocean shore; thence Easterly along said centerline to the Easterly line of the aforementioned parcel; thence Northerly along said Easterly line to the point of beginning.

On the said day fixed for hearing, the Board of Supervisors shall hear the evidence offered by any party interested and at such hearing shall determine whether or not the boundaries of the Colma Sewer Maintenance District (Improvement District No. 19—Colma Sewers) shall be altered and the aforesaid contiguous territory annexed thereto and made a part thereof.

DATED: June 17, 1947.

Deadline For G.I. Life Insurance Set For August 1

Floyd D. Granger, Veterans Service Officer today warned veterans who have allowed their National Service Life Insurance to lapse that the deadline is drawing near for reinstatement of their policies without a physical examination. The final date is August 1.

This date is particularly important to the veteran who may for some reason be unable to pass a physical examination, and the opportunity to reinstate his wartime insurance coverage may be the last chance he will ever have to obtain life insurance.

Granger emphasized that a veteran is required to pay only two monthly premiums to reinstate his lapsed term insurance policy. At the same time, the amount of the insurance may be increased or decreased, and if desired the policy may be converted to a permanent form of coverage, such as endowment, ordinary life, 20 pay or 30 pay life.

Along with a variety of choices as to types of policy, new insurance regulations make it possible for the veteran to arrange for lump sum payment of the proceeds of the policy or installment payments of various kinds. Also there are now no restrictions on who may be named as beneficiaries.

Full information about National Service Life Insurance, together with advice and assistance in filling out the necessary forms for reinstatement, change of beneficiary or conversion of policies are available at the Veterans Service Office located at the San Mateo County Courthouse, Redwood City.

For the convenience of veterans in other sections of the county, Mr. Granger is at 215 Linden avenue, South San Francisco, from 1 to 2, on Tuesdays, at San Bruno City Hall on Tuesdays from 2 to 3, and at San Mateo on Wednesdays from 10 to 3 at 30 D street.

Notice of Proposed Abandonment of County Highways

NOTICE IS HEREBY GIVEN to all residents and freeholders that a hearing will be held on the 15th day of July, 1947, at 11:00 o'clock a. m. in the Chambers of the Board of Supervisors of San Mateo County, Redwood City, California, to consider the abandonment of the following described highways or portions of highways in the County of San Mateo, State of California, as follows, to-wit:

Those pieces of land situate in the County of San Mateo, State of California, described as follows:

1. All of 89th Street and all portions of White Street lying South of the Southerly line of Lots 16 and 17 said streets and lots being as shown upon that certain map entitled "A portion of the S S White Tract" filed in the office of the Recorder of the County of San Mateo, State of California, in Book E of Maps at Page 21, more particularly described as follows:

BEGINNING at the point of intersection of the Northerly line of Midway Avenue with the Westerly line of White Street, said avenue and street being as shown upon that certain map entitled "Tract No. 573, Broadmoor Village, Map No. 3" filed in the office of the Recorder of the County of San Mateo, State of California, in Book 27 of Maps at Pages 5 and 6; thence from said point of beginning South 0° 21' 30" West along said Westerly line a distance of 313.32 feet to the Southerly line of 89th Street; thence South 89° 38' 30" East along said Southerly line a distance of 285.75 feet; thence North 0° 21' 30" East 60 feet to the Northerly line of 89th Street; thence North 89° 38' 30" West along the said Northerly line a distance of 225.75 feet to the Easterly line of White Street; thence North 0° 21' 30" East along said Easterly line a distance of 253.32 feet to the Northerly line of Midway Avenue; thence North 89° 38' 30" West 60 feet to the point of beginning.

EXCEPTING THEREFROM a parcel of land 50 feet in width extending from the Easterly to the Westerly line of White Street and lying 25 feet on each side of the center line of Midway Avenue, as shown on the aforementioned map.

ALSO EXCEPTING a strip of land 50 feet in width extending from the Northerly to the Southerly line of 89th Street and lying 25 feet on each side of the center line of Nimitz Drive, as shown on the aforementioned map.

2. All portions of the County road from Colma to the Ocean lying within Section 11, Township 3 South, Range 6 West.

3. All portions of Alder Avenue lying South of the Westerly prolongation of the Northerly line of Block 8, said Alder Avenue and Block 8 being as shown upon the map entitled "Tract No. 529—Garden Village" filed in Book 23 of Maps at Page 10, San Mateo County Records.

On the said day fixed for hearing, the Board of Supervisors shall hear the evidence offered by any party interested and at such hearing shall determine whether or not the above described highways or portions of highways is unnecessary for present or prospective public use.

DATED: June 17, 1947.

W. H. AUGUSTUS,
Clerk of the Board of Supervisors, San Mateo County.

Sport News

More And More Residents Using Daly City Recreational Activities

More and more people are taking advantage of the recreational activities on the playgrounds and in the high school than ever before. In fact, E. J. Rose, city recreational director, said today that attendance on the playgrounds and in the high school during the first week of the summer recreational program this year was more than two and one half times the attendance during the same week last year.

Attendance this year during the week of June 23-28 was 6,115. Last year during the first week of the summer program attendance was 2,375.

Rose said that the increase was due mainly to the fact that many students who worked last summer are spending their time in recreational activities this year.

"Now that the war is over students and older people as well are taking advantage of recreational activities during their spare time," he added.

Rose was appointed just a few weeks before the beginning of the recreational program last year and did not have sufficient time to map out a complete program. However, this year the recreational department has a complete program, perhaps the best in San Mateo county, which included activities for all ages.

A break down of the attendance during last week was: Jefferson Union High school, 3,353; Marchbank Park playground, 1,683; Lincoln playground, 370; Crocker playground, 506, and Jefferson Elementary playground, 203.

The craft classes, which are open two hours a day five days a week, had a total attendance of 394.

Attendance at the two movie programs on Tuesday was 350 for the first week and 400 on Tuesday, July 1.

The above figures do not include swimming attendance as this activity is sponsored by the high school. Sunday baseball also is not included. However, the figures do include an attendance of 403 for the night program at the high school gym.

FINDS DOG - - -

Mr. Park, 416 Irvington, found a black and white fox terrier in front of his home on Saturday afternoon. The dog is now in the city pound.

News Notes For Sportsmen

State hunting seasons and bag limits will be determined fully Friday and Saturday (June 27-28), the Associated Sportsmen of California reported today, when California Fish and Game Commission convenes in public meeting at the Board of Supervisors Room, City Hall, San Francisco.

Tentative regulations announced over the week end conformed in general with recommendations from sportsmen's organizations at a Los Angeles meeting early in June.

Proposed deer hunting season for Coast Range districts (Districts 2, 2¼, 2½, 2¾, 3, and 3½ of the Fish and Game Code) is August 7 to September 15, inclusive with a two-buck deer bag limit per season.

Sierra regions (Districts 1, 1½, 1¾, 4, 4⅛, 4½, 4¾, 22, 23, and 25) would be allowed a season from September 16 to October 15, inclusive, with a one buck deer limit.

Exceptions to the one-buck deer limit in District 1 were in portions of Shasta and Tehama counties west of Highway 99 and 99 W, and in District 1½ west of Highway 99 and north of the McCloud - Fall River Mills highway. Two deer may be taken in those areas.

The commission adopted a tentative regulation submitted by the Associated Sportsmen to outlaw use of automatic or semi-automatic rifles unless holding no more than five shells, including one in the barrel. As to the recommendation to outlaw use of rifles of less than .25 caliber with a minimum 87-grain bullet and carrying a muzzle velocity of 1750-feet per second, the commission adopted the regulation but set the effective date in 1948.

Other tentative regulations: Pheasant — 10 day season from November 21 to November 30, inclusive. Bag limit, two male birds per day, two in possession 10 per season. Shooting hours, 8 a. m. to one-half hour past sunset.

Quail — November 21 to December 31, inclusive. Eight birds per day; eight in possession, 16 per week. Shooting hours, 8 a. m. to one-half hour before sunrise to one-half hour after sunset.

Cottontail rabbit — November 21 to December 31, inclusive. Eight per day, eight in possession, 16 per week.

Jack rabbit — No closed season except in Districts 4, 4½, 4¾, 19, and 22 where regulations are same as for cottontail.

Bear — November 15 to December 31, inclusive. One per day, one in possession, two per season.

The commission, on the grounds they have outlived their usefulness, proposes to open the following refuges during the hunting seasons: 1A, Siskiyou county; 1D, Trinity county; 1J, Shasta county; 1-I, Placer county; 1N, Modoc county; 1-O, El Dorado county; 1R, Tuolumne county; 1S, Lassen county; 1T, Humboldt county; 1V, Plumas county; 3A, Santa Cruz county; 3C and 3H, Santa Barbara county; 4C, Orange county; Huntington Lake and Fig Garden, Fresno county; Monterey Peninsula; and portions of 1Q, Lassen county; 4A, San Bernardino county.

Henry Clineschmidt, chairman of the Lakes and Streams Committee of the Associated Sportsmen of California, is scheduled to give a complete report of his investigation on kamloop trout to the State Fish and Game Commission during the San Francisco session Friday and Saturday (June 27-28).

The Associated Sportsmen are campaigning for the planting of the kamloop in suitable lake waters of California, which, according to their ambitious committee head, are Shasta, Almanor and Britton. These three have received preliminary investigations which indicate their acceptability for kamloops, a fish closely resembling rainbow trout in coloration and gameness but growing to much larger sizes—35 to 45-pound fish having been taken by rod and reel.

Last year, 60 per cent of all Americans killed in automobile accidents met death during the hours of darkness.

Eagles Bowling Team Now Two Games From Lead

The Daly City Eagles bowling team toed the foul line at the San Mateo Bowl on June 25 and took a pair from the highly touted 6239 Club from San Francisco. The Eagles, now in third place, are only one game behind second place Casa Mateo Inn and two games behind the league leading Borden's.

The local Eagles team, sparked by their captain, George L. Rosaia, with a 544 series, rolled scores of 785, 776, 862 to 782, 852, and 729 for the 6239 Club.

The local boys rolled in the following order: George L. Rosaia, 544; Nate Pearlman, 491; Julie Selmi, 469; and Guide Lazzari, 427.

In other games last week Borden's tripped the El Camino creamery twice aided by Bob Mattoch's 639, high score for the night.

The San Bruno Legion hit Wisley Co. Engineers for three while the Casa Mateo Inn took a pair from the San Bruno Lions.

The standings:

	W.	L.
Borden's	16	8
Casa Mateo Inn	15	9
Daly City Eagles	14	10
San Bruno Legion	14	10
El Camino Creamery	13	11
6239 Club	11	13
Wilsey & Co.	9	15
San Bruno Lions	4	20

Bicycle Recovered; Stolen In May

Two months ago someone stole a bicycle belonging to Kenneth McDonald, 159 Winchester street, from in front of his home. But today young Kenneth has his bicycle back thanks to an announcement made by Police Chief W. W. Sunderland.

Last week Sunderland said that the police department had several apparently abandoned bicycles on hand and they could be recovered by their owners.

Young Kenneth lost his bicycle in May. Officer Hopman says he brought Kenneth's bicycle to the police headquarters on June 5 after he found it in front of 229 Oliver street.

Last week Kenneth went to police headquarters and identified his bicycle and took it home with him.

Sunderland says there are still some unidentified bicycles on hand so, if you lost a bicycle in the past few months, it may be at the city hall now.

Rod And Gun Club Spends Day At Beach For Picnic

The Daly City Rod and Gun Club picnic last Sunday was a huge success. That can be verified from any sunburned, happy and well fed member of the club who was at the picnic on the beach about two miles south of Half Moon Bay.

The day's activities started with fishing but the members did not have very much luck until Bill Clark (who arrived one hour late) caught a nice three pound bass. After that every one else quit fishing in disgust.

Baseball was next and the wild pitching of Earl Prigmore, club secretary, soon had everyone dizzy. Jack Tranberg was named slugger for the day. He got a single on error and fanned out three times.

After a hearty lunch on the beach every one went back to fishing and soon Jimmy Fox, club president, hooked a big fish. Fox was almost pulled in the ocean twice but he finally landed a two pound cod and about 60 pounds of sea weed which had become entangled with the fish and line. Ed Nientiel and Al Armando both caught a rock bass.

Permission was granted by Sheriff McGrath to hold a skeet shoot and every member got in some shooting with the scatter gun. Jimmy Fox and Jack Tranberg won top honors in this event.

Every one enjoyed the shooting until the wives wanted to try it. Fox demonstrated how to take careful aim and how to press the trigger just so but he missed the four birds. His wife, Laurine, stepped up and without batting an eyelash broke the first clay pigeon she aimed at. So the men immediately called off the remainder of the shoot.

The next meeting of the club will be on July 9 at 8:30 p. m.

Motorcycle Racing Along D.C. Streets Results In Arrests

Richard Olinger, of 5 Bismark street, Daly City, and John Scroggins, of Hillside boulevard, Colma, received citations last Friday for early morning racing of their motorcycles near Crocker avenue.

Olinger was tagged for violation of 148A-673 of the C.V.C., while Scroggins received his citation for violation of 673-618 of the C.V.C. Both men were severely reprimanded for causing a disturbance and keeping residents awake.

Two Daly City residents brought the matter to the attention of both the San Francisco and Daly City police departments. The residents complained of a couple of cowboys on motorcycles who made so much noise that it was impossible to sleep.

Daly City police headquarters radioed the patrol car to check on a report that the motorcycles were in front of the Daly City Theater at the time.

The patrol car officers by that time already had stopped Olinger and Scroggins while traveling north along Mission street.

Colma Senior Boys' Club Takes 14-4 Win From Epiphany Juniors

Howard Heffron, the lanky shortstop for the Colma Senior Boys' club, totalled up four runs last Sunday afternoon in Marchbank Park when the Boys' Club defeated the Epiphany Juniors, 14-4. Heffron made three hits during his four times at bat.

Pitcher Don Mossi struck out 11 batters and allowed seven hits to chalk up his second straight League win.

The senior boys already have defeated George Washington Post No. 114, 10-7. This Sunday the Colma team will meet the Dr. Orwitz Dentist team at Marchbank Park.

In last Sunday's game, little speedy center Don Lungi got four hits for his six times at bat and made some nice long running plays. Al Purcelli made three hits and scored two runs.

Colma Junior Boys Defeat Barnett In 5-4 Game Sunday

Ronald "Pepsi" Cecchi scored the winning run in last Sunday's game between the Colma Junior Bays' Club and the Barnett Printing Co. at Marchbank Park. The Colma Boys' Club won 5-4. Cecchi saved the day when he made a beautifully executed double steal early in the fourth inning and then scored the winning run on a hit by Captain "Pop" Giacchini.

The Barnett team scored three runs in the first inning and one run in the fourth inning.

Volkman, the pitcher, had a little trouble at first but he settled down very nicely as the game went on.

Where To Go --- What To See And Do --- Over The Fourth Of July Week-end

Three-day week ends—bless 'em—are getting to be a habit with us this year of 1947. Next one on the calendar is "over the Fourth" and the California State Chamber of Commerce reports that communities all over the State are planning celebrations on a bigger scale than at any time since before the war.

From Crescent City to San Diego the sight and sound of traditional fireworks displays will combine wth widely diversified programs of activity and entertainment for the enjoyment of residents and visitors alike. Yes, YOU are invited—so stash away that duffle bag and accept one of the following invitations to have FUN ON THE FOURTH!

Here are a couple of down-to-earth reminders before you leave: DRIVE SAFELY — and don't forget ONLY YOU CAN PREVENT FOREST FIRES.

Fourth of July Celebration, **Crescent City,** July 4

Fourth of July Celebration, **Eureka,** July 4-5-6

Paul Bunyan Celebration, **Fort Bragg,** July 2-6

Holy Angels Pigmy Team Battery

Battery for the Holy Angels of Colma, champions of the Pigmy Division of the Northern California Catholic Youth Organization, are shown above. Vic Baher, left, is catcher of the team, while Faustino Quitevis, right, is the pitcher. The local team won the Pigmy championship by defeating the East Oakland's St. Benedicts 1-0 on June 14 at the Oakland ball park. It made the ninth game that the local team won. Seven of the other games were won by shut outs. During that last game Quitevis gave up two hits and struck out 14 men in the five inning game. Other members of the Holy Angel Pigmy team are: Tom O'Leary, first base; Teddy Welp, second base; Bobby McDonald, shortstop; Ritchie McDonald, third base; Jimmy Hughes, outfield; Mario Leveroni, outfield; Alan Drago, third base; Alfie Schenone, shortstop; Frank Bertolo, shortstop. Louis Massoni, outfield, and Floyd Moody, outfield. The director of the C.Y.O. is the Rev. James McElligott. Coach is Vic Baher, sr.

"Vehicle Week" Next On City's Recreation Plan

The third week of recreation for the boys and girls of Daly City brings up what might well prove to be the most exciting week of the summer program. Next week has been set aside as "Vehicle Week."

All week at the various city playgrounds — Crocker, Lincoln, Marchbank, Jefferson High and Jefferson Elementary—school children have been signing up so as to participate in the various events.

The vehicle meet will be held on Thursday morning, July 10, at 10 a. m. at Jefferson High school. The meet will consist of a parade of the vehicles and prizes will be awarded for the best decorated bicyle, tricycle, scooter, coaster wagon and wagon as well as the best constructed vehicle and the most unique vehicle.

Immediately following the parade will be a short safety talk and then the events will begin.

There are seven different events. They are:

For children seven years and under — four divisions: a scooter, tricycle, coaster wagon and wagon race, all for 25 yards.

For children 8 and 9 years—four divisions: a scooter, tricycle coaster wagon and wagon race, all for 25 yards.

For children 10 to 12 years — three divisions: coaster wagon race for 200 yards; home made vehicle race for 200 yards; bicycle race for 100 yards.

For young men and women 13 to 15 years — five divisions: home made vehicle race for 300 yards; coaster wagon race for 300 yards; bicycle race for 100 yards; bicycle race for 440 yards; slow ride for 50 yards.

For girls 10 to 14 years — three divisions: bicycle race for 100 yards; bicycle race for 440 yards; slow race for 50 yards.

For young men 13 to 15 years—four divisions: bicycle races of 100, 440 and 880 yards.

For young men 16 years and over — three divisions: bicycle races of 100, 880 and 1320 yards.

Prizes will be awarded at the completion of each event.

Chairman of the day is Glen E. Smith and assistant chairman is Loraine Sanders.

Walters Team Wins Jr. Baseball League Pennant

Walters Team won the junior baseball league pennant of the Daly City Recreational Department. Second place was won by the Blue Devils while third place went to Wilson Brothers and fourth place was taken by Bevis Rubber Products.

The league was in progress for nine weeks and the games were played on Saturday mornings.

Line up of the winning team was: Leo Giannecchini, p and manager; George McCleod, 1b; Buster Sherriff, 2b; Lloyd Sinclair, ss; Stanley Davis, 3b; David Belli, lf; Bob Kalinin, cf; Eddie Galindo, rf; Bill Sheriff, lf; Alex Findley, c; and Jimmy Galindo, rf.

Boys wanting to play in the summer league must contact Mr. Verducci, high school playground director, at once. Two leagues are being planned. The junior league is for boys 6 years old and under while the pigmy league is for 12 year olds and under.

Lions Bowling Team Plays Park Presidio

The bowling team of the Daly City-Colma Lions Club won all three games when they played against the Park Presidio Lions Club at the Downtown Bowl last Friday.

High score of the evening went to Richard Crane with a score of 193. Other members of the bowling team are Elio Fontana, Ed Byrne, Stanford Hannah, Larry Comer, and Ira Neville.

The local Lions Club will play the Park Presido Lions Club on July 11 at the Downtown Bowl.

Mah Jong

Original ivory Mah Jong sets contained the names of famous Chinese heroes engraved on their surface. When made available to the western world, these inscriptions were [illegible] numerals and letters

Holy Angels To Play Bear Photo Midgets Saturday

The Colma Holy Angels, champions of the pigmy class of the Catholic Youth Organization, will face the Bear Photo Midgets this Saturday, July 5, at 2:45 p. m. during the Boosters' Fiesta in South San Francisco.

The Holy Angels have won nine games in the pigmy division during the recent championship meets. The last game was on June 14 when the local team defeated the East Oakland St. Benedicts 1-0. Seven of the games were won by shutouts while in the other games the opposition scored only two runs. The Holy Angel team is heavily favored to win in the game this Saturday.

Members of the Colma Holy Angels are: Richard McDonald, 3b; Bob McDonald, ss; Teddy Welp, 2b; "Babe" Faustino, p; Victor Baher jr., c; Jim Hughes, cf; Jim O'Leary, 1b; Tom O'Leary, lf; Mario Leveroni, rf.

Members of the Bear Photo Midgets team are: Jo Jo Doyle, 1b; Richard Dean, 3b; Beyrl Lennier, c; Dickie Castro, p; Ronny Del Bianco, lf; Augie Pignoni, cf; Ray Dean, 2b; Johnny Molinu, rf; Bob Ellie, ss.

During the five day carnival and fiesta celebration, the Bear Photo Midgets will play the Brisbane Cubs on Saturday at 1 p. m. and the Twelve Mile Juniors on Sunday at 3 p. m.

Tonight there will be a carnival and a coronation ball. A street dance will take place on Saturday evening.

D.C. Merchants Defeat Ace Drug In Sunday Game

The Daly City Merchants defeated Ace Drug 2-1 last Sunday afternoon at Marchbank Park and thus chalked up their tenth straight win of the season.

The game was a pitchers duel between Fred Lucia, of the Merchants, and Friday, of the Ace Drug. Lucia pitched a four hitter, while Friday settled for three hits.

The Merchants made their two runs in the second frame when Favero scored after Neil Pezzola hit a double to right center field. Later Pezzola scored on a sacrifice by Schultz.

This Sunday the boys will travel to Boyes Spring where they will play the powerful Sonoma team.

Box score follows:

County Boys Club Stresses Sports

A new boys club, called the "San Mateo County Boosters for Boys," has just been formed and its purpose is to provide the youth of the county with an organized athletic program. The club was organized on June 25 in the San Mateo Legion Hall by various civic and youth leaders in the county.

The club intends to take in boxing, swimming, tennis. football and other sports in the fall. It is starting with baseball this summer.

The delegates to the organization meeting voted unanimously to make the club countywide in scope and not limit it to the city of San Mateo. All the service clubs in the county have already been contacted and many of them have promised their support in the new undertaking and in forming teams to play each other.

Shirley Jones And Geoffrey Yates Wed In Grace Church

A candlelight ceremony performed by Reverend William Harberts on Sunday, June 29, at the Grace Presbyterian church in Daly City united in marriage Miss Shirley Jones, daughter of Mr. and Mrs. Harry L. Jones, 368 Vista Grande avenue, and Geoffrey H. Yates, son of Mr. and Mrs. Joseph Yates, 614 13th street, Richmond, California.

Shirley, escorted by her father, approached the altar wearing a white satin gown fashioned with a sweetheart neck. She wore a finger-tip veil held in place with a beaded Dutch cap. Her bouquet was composed of white gladiola, bouvardia and an orchid center.

Matron of honor was Mrs. Fern Jones; bridesmaids were Misses Mary Falbo and Charlotte Plumb.

The matron of honor wore a white nylon taffeta gown. The bridesmaids donned white net dresses. All the girls wore Dutch caps of deep pink and carried bouquets of pink gladiola.

Bestman was Robert Anderson. Ushers were Richard Christiansen, Kenneth Nystrom, Jerry Jones, and Noval Parker.

Candlelighters were Alice Cleveland, cousin of the bride, and Frances Galloway. Soloist was Cecil Cooper who was accompanied by Mrs. Mildred Hansen, pianist.

A reception for 300 guests followed the ceremony at the Little Italy hall, where the couple cut their four-tier wedding cake.

They are now honeymooning in Los Angeles and will make their home at 951 Kern street, Richmond, California. The newlyweds received many beautiful gifts for their new home.

Geoffrey will take up teaching duties at Richmond Union High school and Shirley will teach at Harry Ells Junior high also in Richmond.

Rosemarie Sundstrom And David Hansen To Wed On Sunday

Rosemarie Sundstrom and David A. Hansen, both of Daly City, will exchange marriage vows on Sunday, July 6, at a 2 o'clock ceremony at Our Lady of Perpetual Help church.

A reception will follow at 101 Peoria street.

Rosemarie is the daughter of Mr. and Mrs. A. L. Sundstrom of 174 Crocker avenue. David is the son of Mr. and Mrs. O. Hansen, 545 Hanover street.

BABY BORN - - -

A new arrival came at the Harold Clifford home on Santa Cruz avenue on Monday, June 16. A seven pound 12 ounce son was born to Mrs. Harold Clifford at Children's Hospital. The son was named Harold John.

Dr. Paul Holmer Speaks To Mental Hygiene Society

"One out of three people in the United States has adjustment problems which interfere with his or her happiness," Dr. Paul Holmer, San Francisco phychiatrist, told the Mental Hygiene Society of San Mateo county at its meeting last Wednesday.

San Mateo county recently authorized a child guidance clinic and Dr. Holmer said this should be developed to meet the real needs of the community.

"Insufficient recreation programs, bad housing areas" and other conditions that "breed behavior problems" should be the first object of attack in a good community mental hygiene program, he explained.

Dr. Holmer formerly was director of the Guidance Institute in Reading, Penn., and established many child guidance clinics in the East.

Preceding Dr. Holmer's talk, the society heard a report on mental hygiene legislation by Robert Hardgrove.

He reported that a bill changing procedure for admissions to state hospitals for the mentally ill passed the legislature in Sacramento this spring. The new law makes sanity hearings in court unnecessary unless requested by an interested party.

AT THE DALY CITY THEATRE

"The Guilt of Janet Ames," starring Melvyn Douglas and Rosalind Russell will be shown at the Daly City Theatre on Sunday, Monday, Tuesday, July 6, 7 and 8.

Girl Scouts Plan Hiking And Crafts At Camp Mattrup

Next Tuesday, July 8, will be the high spot of the summer activities for many lucky Daly City Girl Scouts and Brownies. On that date the Girl Scout's Camp Mattrup, on the slope of San Bruno peak, will open for an eight day period—from July 8 to 11 and from July 15 to 18.

The program for the girls is planned so as to make living out of doors really fun and it will include fire-building, cooking, hiking, singing and crafts.

Transportation will be provided to and from the camp. The following schedule will be used: the bus will leave at 9:40 a. m. from Peoria street Scout House and then will go the Woodrow Wilson administration building and the Jefferson High school before its last stop on the corner of Mission and Market streets in Colma.

Last year about 65 girls from Daly City attended the camp and an equal number is expected to attend this year.

The volunteer leaders who will head the units in camp have just completed a two day staff training course held one day in San Bruno Park and one day at Camp Mattrup. The course was also attended by leaders from San Bruno, Lomita Park and Millbrae.

V.A. Urges Vets To Check On G.I. Life Insurance

"If every wife knew what every widow knows—"

Every day of the week the Veterans Administration receives reports on the death of some young veteran of World War II. who usually leaves several dependents, and who allowed his insurance to lapse when he left the service.

The Veterans Administration is urging all wives of veterans to check with their husbands and determine whether his G.I. life insurance is in force.

Reinstatement of lapsed G.I. term insurance is very simple. Until August 1 veterans may reinstate term insurance by payment of just two monthly premiums and a signed statement that the veteran's health is as good as when the policy lapsed.

G.I. insurance provides the veteran and his or her family with greater security, at lower cost, than any other protection available today.

There are some 370,000 women vetreans of World War II eligible to retain or reinstate National Service Life Insurance.

G.I. insurance policies were issued to 297,000 women veterans during the war. However, under the liberalized insurance law all veterans who did not have policies while in the service may obtain them now at the same favorable rates.

Women veterans eligible for insurance include former members of the Army and Navy Nurse Corps, Women's Army Corps, Women's Reserve of the Navy, Marine Corps and Coast Guard, Physical Therapists, Dieticians and Medical Officers.

Question: My claim for disability compensation based on an ailment incurred while I was a prisoner of war has been disallowed. Now it is getting worse and I would like to know what I can do to get compensation?

Answer: Veterans Administration will give special consideration to disability claims filed by veterans interned in enemy prison camps. You should get in touch with your nearest VA office and have your case reopened.

Question: Does National Service Life Insurance have any restrictions as to travel, occupation or place of residence?

Answer: No. There are no special restrictions or premiums for travel, occupation or place of residence.

Needy Of County Received $100,370 During May

Needy people in San Mateo county received $100,370 during May, 1947, compared with $72,701 for May, 1946, California Taxpayers' association said today, studying the trend of the cost of aid to the needy in California counties.

Relief payments in the county during May, 1947, were financed $38,340 from the federal government, 36,703 from the state treasury, and $25,327 by the county.

Over the state as a whole, $11,816,122 was paid in aid to the needy during May, 1947, compared with $9,560,544 for May, 1946. The May, 1947, payments came $4,611,200 from the federal government, $4,521,862 from the state, and $2,683,060 from county treasuries, the association said.

"Regardless of which government treasury the money comes from to finance relief, it all comes out of the people," the Taxpayers' association declared.

"Future of relief costs depends on economic conditions, level of relief paid out, and administrative procedures.

"Tightening of procedures all along the line is needed if relief costs in the future are to be held down."

HEARING TODAY ON DRIVING CHARGE

William Joseph Falney, of 1346 Hyde street, San Francisco, will appear before Judge Sweeney this afternoon on a charge of driving his automobile while under the influence of liquor.

Falney was arrested after he drove his 1941 Chevrolet coupe north on Mission street and up over the sidewalk on Saturday evening.

He was released from jail on Sunday morning on $125 bail furnished by Frank Lynch.

Exit At Right - - -

When parking your car at the curb, always leave the car from the right-hand side, advises the California State Automobile Association. Opening the left door into a traffic lane may result in injury to yourself and damage to your car.

Ruth Edminster, Robert Vasey Unite In Marriage

With the words "I do," Miss Ruth Edminster and Mr. Robert Vasey, were pronounced man and wife by the Rev. Donald Vasey on Tuesday evening, July 1, at the Calvary Baptist church, Mission and Morse streets.

Rev. Vasey, the bridegroom's brother, was assisted at the double ring candlelight ceremony by the Rev. Robert R. Hertenstein of Calvary Nazarene church on Monterey boulevard and the Rev. Gilbert Bellshaw of Calvary Baptist.

The bride wore a white marquisette dress fashioned with an imported lace bustle and train. Her finger-tip veil was held in place with a coronet of orange blossoms. Three orchids, bouvardia and carnations made up her bouquet.

Matron of honor duties were taken over by Jean Crune.

Maid of honor was Romona Bronson, and bridesmaids were Florence Nelson, Opal Jamison, and Yvonne Alemany. They all wore faille dresses fashioned with sweetheart necks, bustled waistline and ruffled short sleeves. They wore peach, acqua, yellow, acqua and yellow, respectively, and carried artificial bouquets.

Flower girl Sandra Lee Baxter was dressed exactly like the bride and carried a white nosegay of bouvardia and carnations.

The ring was carried on a white satin pillow by Donald Lowpensky who wore a tuxedo.

Howard Vasey stood with the bridegroom as best man. The bridegroom's man was Frank Nelson. Ushers were Ed Hendricks, John Bellshaw, Walter Ludwigsen.

Candlelighters were Connie Young, Nancy Cooper, Luette Guyton, dressed in pink, blue and yellow, respectively.

A reception for 300 guests was held in the church hall capably decorated by Mrs. Florence Howard who also was in charge of refreshments. The guests watched the couple cut their lovely 4-tier wedding cake.

Ruth is the daughter of Mrs. Mattie Edminster, 1255 Cayuga avenue. Robert is the son of Mr. and Mrs. J. L. Vasey, 2970 20th avenue, San Francisco, who were former residents of Daly City and lived on Templeton avenue for a number of years.

Radio Hams Still Can Get Tubes For Radar Sets

If you radio hams want any of those VT-127-A radar tubes, please take note. This is the last warning, says War Assets Administration.

A few weeks ago, hams in Santa Clara county discovered thousands of the tubes were being demolished at Los Gatos by a salvage firm which bought them for the platinum.

The hams howled like a superheterodyne. Such destruction, they cried, couldn't be justified.

Baffled WAA officials answered they'd been trying to sell the tubes for months, and the salvage offer was the best received. But if there really was a good market, they'd cancel the salvage contract.

This was done, and the tubes were put on sale at 33 Berry street, San Francisco. Minimum, one to a customer, $2 per tube. No maximum.

And did the hams rush in and buy the tubes?

S. Raymond Burns, regional head of WAA's electronics sales, reported today that while some 9000 of the tubes had been sold at Berry street, the purchases had been made mostly by wholesalers. No one bought just one tube. The smallest sale was 64 tubes.

Now Burns has been given 1038 more of the tubes to sell, and he again appeals to the hams, if they want the tubes, to come and get 'em.

69 Beavers Trapped During Month Of May

Arthur L. Hensley of the Bureau of Game Conservation, California Division of Fish and Game, who is Beaver Transplanting Project Leader, announces that his men trapped 69 beaver during May.

The captive beaver were transported by airplane to various sites in Santa Barbara, San Luis Obispo, Monterey, San Mateo and Tuolume counties.

Betty Murphy And Earl G. Johnson United In Marriage

Betty Jon Murphy, daughter of Mr. and Mrs. Cecil D. Murphy, 234 Seventh avenue, San Francisco, joined the ranks of newlyweds on Saturday, June 21, when she became the bride of Earl G. Johnson, son of Mr. and Mrs. Axel Johnson, 724 Templeton avenue.

The bride wore a gown of white satin, a veil of lace medallions with a crown of seed pearls and carried a bouquet of lillies of the valley and orchids.

The marriage ceremony was performed at 8 o'clock at the Mission Covenant church in San Francisco. The bride was given in marriage by her father, Cecil D. Murphy.

The bride's sister, Helen Murphy, was maid of honor. Bridesmaids were Sunyz Olson, Gloria Agnini and Florence Anderson. All wore gowns of orchid marquisette with a taffeta background. They carried cascade bouquets of yellow begonias.

The bestman was Rodney Dawe. Ushers were Wilie Preciado, Bud Berger, and Jack Bjorkquist.

A reception was held at the church immediately following the ceremony.

The couple are now honeymooning at Lake Louise, Canada, and will make their home in San Francisco.

Marriage Licenses - - -

Donald McHugh, 21, and Willidene Franklin, 16, both of Daly City.

Edward Shay, 36, 106 Sixth street, and Nellie Green, 38, Daly City.

Alma Trio Will Play Three Concerts At Univ. Of California

The Alma Trio, a noteworthy addition to chamber music recital groups, will be heard in a series of three evening concerts in Wheeler Hall on the Berkeley campus, University of California, July 11, 18 and 25.

Three musicians of distinction, Roman Totenberg, violin; Gabor Rejto, 'cello, and Adolph Baller, piano, combined their talents in the Alma Trio several years ago. Totenberg, young and brilliant Polish-born violinist, made his American debut in 1935 and since the time has won wide-spread recognition as a masterful and sensitive performer.

Rejto, a 'cellist of consummate skill, received his Artist's Diploma from the Hungarian Royal Academy in 1935. A pupil of the great Pablo Casals, he has appeared as guest artist with the symphony orchestras of Europe, as well as in solo recitals.

Baller first won acclaim as a pianist in Vienna at eight years of age, and subsequently became one of Europe's leading pianists. Since his arrival in the United States, he has won recognition as a soloist and as accompanist for Yehudi Menuhin.

Featured in the Berkeley concerts will be the works of Beethoven, Schubert, Debussy, Brahms and Ravel, with the second program devoted exclusively to Beethoven. The series is sponsored by the Committee on Drama, Lectures and Music, University of California Extension.

Tickets for the performances may be purchased at any University of California Extension Center or at the Wheeler Hall box office preceding the concerts, which begin at 8:15 p. m.

Grave Fire Hazard Faces Coast Region

SAN FRANCISCO — Because of the particularly dry winter and spring season and the great amount of natural resources in forest and woodland in California, a grave fire hazard faces the Pacific Coast region, the National Board of Fire Underwriters' Pacific Coast office said here today.

Each year more than 175,000 forest fires throughout the United States consume 25,000,000 acres of valuable timber and watershed — an area which is as large as the State of Virginia. This direct loss to natural resources amounts to over $36,000,000.

Daly City Record

THURSDAY, JULY 3, 1947

"BE ALIVE ON THE FIFTH" - - -

"Be alive on the Fifth," is the safety appeal to motorists from the Department of Motor Vehicles on the eve of an expected record breaking three day Fourth of July traffic volume.

"Thousands of new cars are on the road, giving owners an opportunity to take deferred vacations," said Edgar E. Lampton, Director of Motor Vehicles. "Also, another year has been added to old cars, thus increasing the danger factor.

"Slower speeds and obedience to all traffic laws will do much to make the holiday safe and pleasant."

Lampton added that the Highway Patrol will be especially vigilant in apprehending reckless drivers and those showing signs of having indulged in excessive holiday celebrations.

Locomotives, Flat Cars Offered For Sale

If you can use a steam switching locomotive or some used railroad cars in your business, you're the customer for whom War Assets Administration is looking in its project of clearing the Richmond shipyards of war surplus.

The railroad equipment will be sold on a competitive bid basis, offered at the same time to priority and commercial buyers, including exporters, with bids accepted up to 10 a. m. on July 17 at the Yard Two administration building.

For sale are 27 flat cars, rail, ties, plates, piling and telephone poles, most of which have been used.

The equipment may be inspected daily, and information and bid blanks may be obtained at the Yard Two administration building.

Sale Completed On Tehama Deer Range

Purchase of 3,360.48 acres of land in the Tehama Winter Deer Range from Theodore M. Thompson has been approved by the U.S. Fish and Wildlife Service and the California Fish and Game Commission.

Documents covering the purchase are now being processed by the State Department of Finance.

U.S. Now Has 16 Million Vets

At least 16,000,000 veterans will come out of World War II, according to the latest Veterans Administration estimate.

This includes the veterans discharged by the armed forces through June 30 and the soldiers, sailors, marines and others still in service on the same date.

VA said the potential veteran population will increase until the official termination of the war, which has not been declared yet. This is true because the potential figure will include persons entering the armed forces until the war is declared ended.

Thus, the 16,000,000 figure for June 30 is the minimum potential veteran population of World War II.

By comparison, World War I produced 4,627,000 veterans; the Civil War, 1,849,000 Union Army veterans, and the Spanish-American War 381,000 veterans. This makes a combined total of 6,857,000 for the three wars, or considerably less than one-half of the minimum estimated for World War II alone.

Racing The Lights

Some motorists seem to take delight in racing the traffic lights at busy intersections, states the Public Safety Department of the National Automobile Club. Apparently they feel that if they make it across that intersection at fifty miles per hour while the lights are changing from yellow to red they are gaining themselves a few minutes time. Such a motorist should stop to consider what good it will do him to gain a minute fi he loses his life.

Keep Alert - - -

Eternal vigilance is the price of traffic safety, whether afoot or at the wheel, the California State Automobile Association warns. Motorists and pedestrians who fail to keep alert endanger themselves and others.

Young Men Are Eligible For Army Aviation Careers

"The enthusiastic reception already given by high school students to the new Aviation Career Plan, just announced by the Army Air Forces, is strong evidence of the air-mindedness of today's young Americans," stated Lieut. Col. Walter F. Joyce, of the local U. S. Army Recruiting station, 428 Market street, when questioned today about current phases of recruiting.

"Young men anxious to qualify for the program have been keeping us busier than we've been in several months," he revealed, attributing the response principally to the fact that applicants may qualify for, and be assured of attending, the AAF Technical school of their choice before they enlist.

Colonel Joyce explained that the Aviation Career Plan is designed to give men who can meet the qualifications a chance to equip themselves for well-paid, responsible positions with the air forces, or in later civilian life. A few of the fields open are airplane maintenance, aviation specialist, armament, radar, weather, photography, automotive mechanics, radio and supply.

According to Colonel Joyce, high school graduates 18 to 34 years of age (17 with parents' consent) are eligible under the plan's terms, and their applications must include a transcript of high school grades, three letters of recommendation, and the names of the three AAF Technical schools, listed in order of preference, in which they are most interested. Men who qualify for the course they select may enlist for three years in the Army Air Forces, complete a period of basic training, and be assured of attending the school they have chosen.

"I want to urge young men who are interested in taking advantage of this remarkable opportunity to stop in as soon as possible at the recruiting station," said Colonel Joyce. "By coming in now, they'll be assured of a head start in the rapidly-expanding aviation field. And we'll be glad to furnish them full details of the plan, including a complete list of all the schools offered, without any obligation on their part."

U.C. Extension Begins Nuclear Physics Course

Physicians and medical research workers are being given their first opportunity for classroom study of nuclear physics as it applies to medicine in an intensive three-week course offered by University of California Extension, which began Monday at the San Francisco Medical Center.

The course, "Applications of Nuclear Physics to Biological and Medical Sciences," is presenting the basic knowledge necessary to understand and use the tools in this important field of biological research.

Director of the program is Dr. Stacy R. Mettier, associate professor of medicine and head of postgraduate instruction, Medical Extension. Dr. William J. Kerr is general chairman.

Lectures, laboratory work and special seminars are being presented by University of California scientists prominent in the field of radiation, physics, biophysics and other related subjects. Chief among the visiting lecturers are Dr. Waldo E. Cohn, director, Production of Rado Isotopes, Clinton Laboratory, Knoxville, Tenn., and Dr. Raymond E. Zirkle, professor of biophysics at the University of Chicago. Laboratory work is under the direction of Dr. Joseph G. Hamsearch associate in medical physics and assistant professor of medilton, associate professor and recine, University of California.

Cleanliness Helps

That blindness that drivers experience when traveling on crowded roads at night is not due entirely to the bad adjustment of the other fellow's headlights, according to the National Automobile Club. A dirty windshield does much to magnify the serious effects of glaring lights.

CIVIC UNITY COUNCIL TO MEET IN PALO ALTO

The Council for Civic Unity of the North Peninsula has voted to send representatives to participate in the Eighth Congressional District Legislative Conference in Palo Alto on July 27.

Among the proposals which the council has approved are a federal anti-lynching statute, repeal of the state's alien land law, federal payments to Japanese for relocation losses during the war, the Taft-Ellender-Wagner general housing act and a state law to make restrictive convenants on property illegal.

Use Good Cranberries

Be sure to discard shriveled or soft cranberries before using the fruit since these few poor fruits may give the food a bitter taste. Cranberries can be used in pies with raisins, to reduce the use of sugar, yet make an excellent dessert that has the real cranberry flavor.

NEWS COLUMN FOR VETERANS

National Service Life Insurance, often described as the greatest benefit granted the majority of veterans by a grateful government, places the emphasis on "life" when it comes to protecting the veteran.

Although many veterans retain or reinstate their NSLI to provide protection for their families in the event of their deaths, the insurance is actually worth a great deal to the veteran during his lifetime.

Contrasting the one benefit, death claims, paid on the death of the veteran, are five benefits that optrate to protect the veteran during his lifetime. These liberal benefits that operate to protect the veteran during his lifetime. These liberal benefits are: 1. Loans on permanent insurance; 2. Cash value; 3. Proceeds of endowment policies; 4. Disability premium waiver and 5. Disability income payments.

A loan up to 94 per cent of the reserve may be made on any permanent NSLI policy, which includes ordinary life, 20 and 30 payment life, 20-year endowment and endowments at age 60 and 65, at any time after the policy has been in effect one year.

Any permanent form of NSLI premiums for which have been paid in full for one year may be surrendered for its cash value. The cash surrender value differs with each type of policy, and will be reduced by loan indebtedness, if any.

Three types of endowment policies are available which, at the end of 20 years or at the ages of 60 or 65, premium payments cease and the policyholder is paid in a lump sum or monthly installments of 36 to 240 in number. If the insured before the end of the endowment period the face value of the policy will be paid to the beneficiary.

All NSLI policies provide for wavier of premiums after a veteran has been totally disabled for six or more consecutive months. Premium payments should be made to the veteran until the waiver is granted and premiums paid during the period of disability will be returned.

For a small additional premium, a new disability feature may be added to all types of NSLI upon application. This feature provides payment of $5 a month for each $1,000 of insurance in force for veterans who are totally disabled for more than six consecutive months commencing prior to the veteran's 60th birthday. Payments commence on the first day of the seventh consecutive month of disability.

Question: Can I specify in my National Service Life Insurance policy that in event my wife remarried after my death, payment of the balance of insurance benefits shall be made to my mother?

Answer: No.

Best Fire Is One That Never Occurs

The best fire is the one that never occurs, Woodbridge Metcalf and Rudolph Grah, extension foresters in the University of California College of Agriculture, told more than 25,000 persons attending 60 meetings held in 12 counties during the 1947 Rural Fire Protection meetings, just completed.

Hot, dry, windy days are especially dangerous for farm fires, Metcalf declared. Over half of all fires occur during 10 days of this peak fire-hazard weather scattered during August, September, and October. Most fires can be put out with little or no damage if they're caught within the first five minutes, he said.

Prevention measures beforehand are the key to lower fire losses, Metcalf stressed. He recommended these measures:

Clean up all rubbish and trash from inside and around all buildings.

Check electric wiring and install good spark arresters.

Store gasoline and oily rags safely in metal containers.

Plow firebreaks around grain fields and hay stacks.

Be sure campfires are fully out and matches and cigarettes cold.

Have water supply and fire tools ready for use near buildings.

Know who to call in case of fire and give them simple directions.

Most important, do everything you can while the fire is small.

Deer Hunting Tags Sent To License Agents

Deer hunting tags for the 1947 season have been completed by the State Printer and will be in the hands of more than 2,505 license agents within the next two weeks, according to H. R. Dunbar, Chief of the Bureau of License, Division of Fish and Game.

The value of licenses already in the possession of agents is $960,544.

Sportsmen Locate Mountain Quail Nests

JACKSON — Local sportsmen and employees in local irrigation districts are cooperating with John Laughlin, of the Bureau of Game Conservation, California Division of Fish and Game, in locating nests of Mountain quail.

Laughlin is conducting a study of the life history and management of Mountain quail. A similar project is being conducted in a study area near Big Bear Lake.

TIRES THAT OUTWEAR PREWAR TIRES
AT LESS THAN PREWAR PRICES

At least there is one product your money will buy that performs better and costs less than before the war. It's the new B.F.Goodrich Silvertown that *outwears prewar tires* for *less than prewar prices.*

New technical developments and public demand have combined to give car owners this new tire (1) with improved quality, (2) at reduced prices.

At these low prices, you can equip your car all around with B.F.Goodrich Silvertowns that outwear prewar tires.

Demosthenes' Rule Held Still Practical

Although more than 2,000 years have passed since Demosthenes evolved his classic rule for public speaking, no more efficient method has been evolved for developing the voice, believes Henry Kingston, University of California Extension instructor in speech.

"If more people followed Demosthenes' example by going to the seashore and imitating the calls of birds and animals, they would become more dynamic speakers. The practice would help considerably in reducing the growing speech monotany among great numbers of Americans today," the instructor contends.

"Because we are living in a congested form of society which brings us into close contact with each other, many people either through timidity or laziness do not project their personalities into their speaking voices, and as a result fall into a form of speaking which has a very negative effort upon their listeners.

"Since the radio, talking pictures, and public address system are making America more speech conscious than ever before, the importance of a pleasing, well-modulated, expressive voice cannot be over - emphasized, Kingston concludes. For University of California Extension he will give a series of eighteen weekly lectures on microphone and platform speaking for executives, starting tonight at the Extensior class center, 813 South Hill street, Los Angeles.

Set Good Example - - -

California schools place considerable emphasis on the principles of traffic safety, through classroom instruction, the Calfiornia State Automobile Association points out. Parents are urged not to offset the effect of this training by bad examples of walking or driving with their children.

Hygiene Increases Polio Danger

Oddly enough, increased hygiene and sanitation has not reduced the danger of infantile paralysis epidemics—but probably have actually increased the danger to the average adult.

So says Dr. Norman Nelson, associate professor of public health on the Los Angeles campus of the University of California.

He points out that poliomyelitis is a disease with which many people are lightly infected in childhood, but few develop serious symptoms. Therefore a very definite status of acquired immunization exists in the population at large.

Through hygiene and sanitation, some children are protected from this light, childhood immunization process. When infantile paralysis strikes an adult, the consequences are much more serious.

"It may well be," points out Dr. Nelson, "that while cutting down the general rate of infection through better hygiene and sanitation, we have increased its danger as an epidemic by moving the time of the original infection into the older age groups."

Two eggs the size of watermelons are among a collection recently donated to the University of Califorina Museum of Vertebrate Zoology.

Selfish Ants

Nearly all ant instincts, including those that might pass for love, self-sacrifice and bravery, are believed to be based on hunger.

Racing At Albany Track Starts On September 9

Highlighted by the richest turf prize in Northern California horse racing history — the Golden Gate Handicap with $75,000 in added money — a program of stake races for the inaugural meeting at Golden Gate Fields, September 9 to October 25, was made public today by Frank W. Clark, executive manager.

The track will distribute more than $1,000,000 in stakes and purses at the opening meeting, Clark said. This includes a total of $250,000 added money for the stake races.

At the same time Clark disclosed that restoration work on the luxurious new racing plant at Albany, on the eastern shore of San Francisco Bay opposite the Golden Gate, is "ahead of schedule" and that the stable area and the completely-rebuilt track will be ready to receive horses by the arly part of August.

The multi-million dollar plant, used by the United States Navy during the war as a landing craft depot, is being restored to its original state.

The $75,000-added Golden Gate Handicap, for three-year-olds and upward, will be run over a mile and a quarter distance on Saturday, October 18. It will offer breeders the biggest turf stake ever guaranteed by a Northern California track, Clark pointed out.

The stake race schedule begins on opening day, Tuesday, September 9—Admission Day—with the $20,000-added Pacific Handicap for three-year-olds and upward, at six furlongs. It concludes with the $25,000-added Golden Gate Derby on closing day, Saturday, October 25, for three-year-olds at a mile and a sixteenth.

More Accident Prone

Pedestrians who have never learned to drive an automobile are ten times more apt to become traffic accident victims than those who drive, according to California State Automobile Association records.

Pulling Out From Curb

Before pulling out from the curb into the stream of traffic the wise motorist will keep a watchful eye on passing cars and will give the proper arm signal in the proper way, declares the Public Safety Department of the National Automobile Club. To pull out into traffic with nothing but a casual glance in the rear-view mirror and the protruding of an elbow at the driver's window is to display a sad lack of both common courtesy and common sense.

Leakage Loss Heavy

Much of the oil that disappears on the long trip when the car is traveling faster than usual is the result of leakage rather than aeration or burning, declares the National Automobile Club. Before starting such a trip, and at other times as well, it pays to have the various gaskets designed to prevent lubrication loss either tightened or replaced. Thin oil can find many ways of escape.

Must Be the Scenes

A person's temperature rises during attendance at a movie, according to recent physiology studies.

THE NAVY AS A CAREER

Men 17 to 30 years of age, inclusive, may now enlist in the Regular Navy for a period of 3, 4 or 6 years. Applicants 17 years of age may enlist for a period of 3 years or until attainment of 21st birthday. Parents consent is no longer required for men 18 years of age or over.

Insure your future — the Navy offers the youth of the nation an opportunity to serve their country in an honorable profession with lasting benefits to the individual in promotion, pay and retirement as rewards for faithful service.

You have the chance to travel—to visit foreign ports — and earn well while you learn. You'll receive the finest training and instruction in the world with the most modern equipment. There's no catch to it men — so investigate NOW — by calling or writing to your Navy Recruiter located at 98 Golden Gate avenue, San Francisco.
